RECONSIDERATION OF MATERIALS POLICY

The Board of Trustees (Library Board) support and follow the principles of the Library Bill of Rights*, Freedom to Read* and the Freedom to View* statement. It is the library's responsibility and function to serve all members in our community. Comments and suggestions about the library's collection are welcome.

If a formal complaint is deemed necessary, the individual making the complaint must complete and submit a Request for Reconsideration of Materials* form. The library director will present the Request for Reconsideration of Materials form to the Board of Trustees at the next regularly scheduled meeting for review and consideration.

Materials will be removed by a Board decision only after careful review of the material being reconsidered and the submitted Request for Reconsideration form.

The decision of the Mount Pleasant Public Library Board of Trustees is final and the library director will respond to the individual who initiated the request for reconsideration after the final decision has been made.

The responsibility for the selection of personal reading, listening, and viewing of library materials by children rests with the parent or legal guardian of said children.
